

Code of Expectations for Parents & Guardians

Joe Fraser Gymnastics

As part of the club's protection policies for children and vulnerable adults we kindly request that all non-members on club premises adhere to the following rules and procedures.

Please do not enter the gymnastics hall unless specifically requested to do so by a coach. There is a viewing room with a viewing window and a viewing area upstairs of the gym if you wish to watch a class.

If your child is being collected by someone who does not normally pick them up, please make sure that you email the office on Hello@joefrasergymnastics.co.uk 24 hours prior, if this is a last-minute arrangement, please do contact the office directly on 0731218020 so we can inform relevant parties.

No photography or video recording equipment including photo and video imaging phones may be used during training sessions. On competition and event days please register at reception if you wish to use photography and recording equipment in the gym.

Please ensure that your child is aware of and abides by the members code of conduct (displayed on notice boards)

Please avoid any behaviour that could be interpreted as intimidating, this includes threatening, bullying, trying to gain an unfair advantage and public disparagement of club members/coaches. If you wish to raise a concern about any aspect of the club procedures or regarding a specific incident, please contact the welfare and protection officer Sarah Hill (contact details on notice board)
